Mr. W. A. Leuschner,
World Building,
New York City.

Dear Leuschner:

I received your letter about Semler's dates. I cannot give you the definite dates and spots at this time. The fact that you are inquiring, makes me wonder if you have some places in mind you could put the Yankees, if we did not use them. I do not want to cause any one to lose any good dates, but your last letter to me had me under the impression there would not be any week day games up this way until June.

I would appreciate your letting me know how soon you will be able to book week day games.

We had a nice crowd in Washington Sunday, I am sure you have heard by now. The Ball Club also looks very good.

I just received word from Abe he has traded Clarkson to the Stars. The Stars look like they might end up with a pretty nice Club, I hope so, I like to see Ball games closely contested.

Please let me hear from you about your booking dates, and if there is any time you would like the Eagles to hold open for a trip somewhere.

Very truly yours,
